The world is becoming a global village. Our Gujarati friends have made their mark across the world and made us proud. Our Gujarati friends are now looking east and have developed strong relations with China and Japan. Gujaratilexicon is looking to cater to the language needs of these friends and help them.

Global Gujaratilexicon is coming up with Gujarati-Japanese and Gujarati-Chinese lexical resources. The project is launched with the 5000 Gujarati – Japanese and Gujarati – Chinese words in Phase I. The website will help Gujarati – Japanese – Chinese businessmen, students, researchers, translators and tourist to find words in a single Click.

Japanese and Chinese Businessmen will find that 'Vibrant Gujarat' has 'Vibrant Gujarati' as well !

Global Gujaratilexicon search result will display Gujarati word and its English and Japanese – Romaji meaning along with the pronunciation in Gujarati. The same feature is available for the Chinese words. Website also offers converted sentences for basic day-to-day communication.

For instance, if we want to Thank Anyone in Gujarati, we will say ‘તમારે આભાર’ and in English ‘Thank You’, what if we want to repeat the same in Japanese and Chinese !The answer will be ‘Arigatōgozaimasu’ (‘આરીગાતો ગોઝાઇમાસ’) and ‘Xièxie’ (‘શીએશીએ’).

The success of the Global Gujaratilexicon is a vindication of a 90 year young visionary, Shri R P Chandaria. His relentless passion and missionary zeal for language moved across continents and organizations. The launch of Gujaratilexicon on Jan 13, 2006 as a mega-language portal was a starting point of ongoing language initiatives. Saras Spellchecker, Bhagwadgomandal, Lok-Kosh, Crossword, Quiz, GL Gems, Kids Games have enlarged the vision.
